David, I know it's been a while since we last spoke, but I wanted to let you know I've been thinking for a while, what to do with SaveTheHives.

I had to give up beekeeping a couple years ago, due to increasing allergic reactions, and I'm involved with other things that keep me from updating the website and iPhone app.

I wanted to know if you would have a few minutes to discuss some options. Since launching this in 2008, the website and the savethehives.com domain, have been stable all along, and it keeps getting new entries all the time. And the iPhone app still is selling, but it also needs some updating. They share the same backend database.

It's needs some fresh blood and some marketing. Let me know if you want to discuss, thanks.

Hi Ronnie,

Thanks for getting in touch about this, although I'm sorry to hear about the loss of your beehives and moving on from STH website. Let's see if we can meet up to discuss when I get back into town.

Sincerely, David

David hope you had a nice Thanksgiving break. Let me know if anytime this week works so that we can discuss save the hives.

Thanks Ronnie

Hi Ronnie,

My final exam is tomorrow so I'll soon be swamped with 200 exams to grade, thus I'll have zero time for the next week or so. I was also talking with Debbie Delaney, and she said that she already acquired the STH site from you guys up in UDel, which is what I was going to suggest as a first option anyway. Let me know if you'd still like to get together to discuss, but it would have to wait until the week of the 12th. Thanks!

Sincerely, David

Good luck with the grading!

I did talk with Debbie but had not heard back, so I will follow up with her tomorrow.

Thanks, ronnie

Oh, OK, she made it sound like it was a done deal, but was probably just my misunderstanding. Let me know how things go with it and if there are any problems, since I do wish to see the site persist.

All the best! Sincerely, David

David, it's been a while since this last thread, but wanted to ask if you were interested in taking over save the hives. I've not really maintained it and it is a valuable asset that I hate to see it go to waste. My domain is set to renew in another 27 days, or so, so I will be shutting everything off at that time. I'm open to any donations at all so let me know if you have any interest.

I've made the same offer to Debbie

Thanks Ronnie

Hi Ronnie,

Nice to hear from you. I remember last time that you said Debbie was going to take this off your hands, but perhaps I misunderstood. I agree that it's a valuable asset. Let me talk it over with Debbie and see what she might have planned.

Sincerely, David
